About This Game

In a small distant world floating in ether, there is a fish-planet, where lives an unusual little girl who keeps a secret: she can turn into a Cubehead - her alter-ego, who can carry big things and make big deeds. They spend calm days in their small cozy-house, but one day someone breaks the Sacred Engine - a heart of the fish-planet. All living beings are in danger now and our brave friends decide to start their journey to find someone who can fix the Engine and save a planet from dark chaotic terror, coming from nowhere...

You will go on a strange, deep and reflective adventure in a classic Point & Click game Tohu.

- Unique graphic style with tons of details;
- 9 colorful locations with 3-5 scenes in each;
- Dozens of obscure creatures inhabiting the world. Catch them all!
- Cute and funny characters;
- 7-8 hours of gameplay;
- Unusual mechanics, you've never seen before.

The unforgettable atmosphere is completed with music, created by Christopher Larkin - author of Hollow Knight's soundtrack.

Become a part of kind, mysterious and breathtaking story!
